Till. tobarensis	Pitcairnia
Till. triglochinoïdes	Aechmeas
Till. valenzuelana	Puyas

Many more species will become available from the southern and eastern regions of Ecuador at a later date and at that time a new list will be sent.

All orders are now being sent air-freight to insure safer arrivals and shorter travel time. At least 50% of the order must be pre-paid and all of the shipping costs as well. This rate is generally around \$25.00 U.S. from 1-25 and travel time is around two days. Please include several alternate selections in the order, as some species are only available in very remote regions of the country
