Melocactus mexonii		2,00
Anthurium crassifolium		2,00
Heliconia metalica tubers		0,80

All plants exported are fumigated with Aluminium phosphide before packing, which kills any insects in the plants and does not harm them. Customers who want to have the plants without fumigation, may note it on orders, however any damage because of insects found in the plants would be at the customers risk. All plants are carefully checked before shipment.

Orders under 50 plants cannot be accepted.

Shipments: 14 days after receipt of order, airfreight paid to any US-airport (airfreight in prices is included)

Payment: 1/3 with order, 2/3 immediately after receipt of plants.

Dear Bromelad lover:

Thank you for your interest in our most beautiful Bromelads. All plants shipped are carefully selected. If you have special wishes as to sizes etc., please let it me know. I will do my utmost to get it for you.

Very sincerely yours,

E. G. Kamm
