

# Pineapple Place

Rt 1 - Box 80; Longwood, Fla. 32750

Telephone: 305-322-7945

PRICE LIST

JULY 1, 1976

Make Checks Payable to:

Pineapple Place - Minimum Order \$10.00

All plants are Florida State Inspected, shipped bare root and are young and healthy. Postage is prepaid, Special Handling. Bromeliads keep well in shipping and recover quickly after repotting. Some of the plants listed will not be available at all times, but most are in good supply. I now have two greenhouses as well as outdoor growing areas and my selection is increasing all the time. I do not substitute unless requested to do so and will send a refund for any plant ordered which I cannot furnish.

I am still primarily a collector and do not keep business hours. Mail order business is preferred, but am always happy to meet other bromeliad lovers. Please telephone ahead.

Thank you.

Carol M. Johnson

\*\*\*\*\*

We folks who grow and sell bromeliads are faced with a unique problem. Choice plants and varieties are difficult to obtain and inventory can only be increased thru the taking of offsets or the slow method of growing from seed. Most of the hybrids and many of the regular types do not set seed. Price lists, therefore, usually reflect what we have but all of the varieties are not always available.

Someday I will have plenty of everything. In the meantime, hang in there.

Thank you-----
